MESON2016

piątek 03 czerwca 2016

Parallel Session C3 - Conference room (15:00-16:30)

- Conveners: Levi Sandri, Paolo

time	title	presenter
15:00	Studying η -meson decays with WASA-at-COSY	LERSCH, Daniel
15:25	Analysis of the production mechanism of $pK + \Lambda$ in $p+p$ collisions using partial wave analysis	MÜNZER, Robert
15:50	Polarization observables in η and double π production using a polarized target with the Crystal Ball/TAPS at MAMI	WALFORD, Natalie
16:10	Electromagnetic transition form factor of the η meson with WASA-at-COSY	GOSWAMI, Ankita
